

BioMedTech Campus

Where innovation is facilitated

#DareToAsk

- ▲ Who has facilities which are flexible and future proof?
- ▲ Who wants to grow internationally?
- ▲ Who has a Quality Management System suitable for its future activities?
- ▲ Who wants to start in the US (but does not know how to)?
- ▲ Who needs help in finding funding?

#HereIsTheAnswer

- ▶ We cannot do everything, but we can help you!
- ▶ We have centered these solutions so there is a network you have access to.
- ▶ The question is not what is, but where it is.

The bigger picture

QMS support

**New Product
Development**

**Consortium for
grants**

**Flexible
employment**
